

RULE JITNEY BUS FROM THE BRIDGE

Davenport Driver Violates Traffic Rules on Rock Island Bridge for Third Time.

HE REFUSED TO OBEY ORDERS

F. E. Robbins, Superintendent, Gives Out Warning to Other Automobile Owners.

According to information given out this morning by F. E. Robbins, superintendent of the Rock Island bridge, one jitney bus operating between Rock Island and Davenport has been ruled off of the span for all time. The bus in question is a seven-passenger car, owned by a Davenport man. This punishment was issued by Mr. Robbins because the driver of the car violated the traffic rules of the bridge on three different occasions, the offense being the same in each instance, that of passing other traffic on the bridge. Mr. Robbins warned the driver the first time he apprehended him, and when he was caught the second time the driver was informed that a third offense would rule him off the bridge. The driver failed to heed the warning and took another chance, but was caught for the third time.

Mr. Robbins then secured the driver's name, the owner's name, and the number and description of the car. From last night on the owner, the driver and car are barred from the bridge, and should either the driver or owner try to cross in the same machine or some other car their arrest will follow.

Warns All Drivers.

Mr. Robbins gave out the foregoing information to warn all jitney drivers and also others driving across the bridge of the penalty that follows the

ORION RESIDENCE DAMAGED BY FIRE

Home of H. B. Conover, Cashier of Farmers' Bank, Saved After a Hard Fight.

(Special to The Argus.)
Orion, May 25.—The handsome residence of H. B. Conover, cashier of the Farmers' bank here, was badly damaged by a fire late yesterday afternoon. It is thought that the total loss will reach \$25,000, all of which is covered by insurance. The blaze started in the basement of the home from an overheated furnace, and gained a good headway before it was discovered. On account of the high wind it was thought for a time that the residence was doomed. However, after a hard fight by the volunteer fire department, the blaze was extinguished and the home saved. A large part of the furniture was carried into the yard before the flames spread to the upper stories. Every room in the house was badly damaged by smoke and water.

MURRIN SELECTED UNION DELEGATE

Tri-City Printers Name Representative to Annual Convention in Los Angeles.

THREE ARE AFTER LONG TRIP

Hot Contest is Waged by Various Candidates—Sessions Begin On August 9.

Frank A. Murrin has been chosen by tri-city printers as their delegate to the annual session of the International Typographical union, to be held next August in Los Angeles. The balloting on delegates took place yesterday in all the printing offices of the three cities. Mr. Murrin received 72 votes to 46 for M. M. Harder and 39 for Henry Lienhard, the other candidates.

Special interest was taken in the voting this year as the delegate to the convention will very probably attend the fair at San Francisco also. Since early in the spring, the candidates have been actively campaigning.

All Local Men.

All men who were open candidates were Rock Island men. Mr. Murrin is employed at Kramer's printing establishment. Marx Harder in the Royal Neighbor office and Henry Lienhard at The Argus. The trip this year is, perhaps, the most desirable that the local has ever given its representative. Sessions of the national convention begin August 9 and continue for one week.

ORION.

Charles Overblom, living four and a half miles southeast of Orion, broke the bone of his right wrist while cranking his machine. The crank slipped and the machine made a leap rushing against Mr. Overblom, breaking the bone of his wrist and causing it to protrude about two inches through the flesh. It is feared blood poison will set in.

The Street Family Concert company consisting of Mr. and Mrs. Street, daughter, Myrtle, and son, Ivan, have gone for a 12 weeks' trip on the Jones (Hawkequa) circuit.

The First Tooth Festival.

Among the Syrians there is no such thing as giving a party in celebration of the first anniversary of the birth of a child. The celebration is held when the baby cuts its first tooth. On such an occasion friends of the parents are not invited to the house to eat cake and listen to the phonograph, but whatever sweets may be prepared for the occasion are sent by the parents to the homes of the friends whom they wish to inform of the news. The friends later visit the parents and tender their congratulations. The dishes in which the sananitch is carried to neighbors and friends are not returned immediately. Sometimes it is a week or even two before they are back to their customary places in the family cupboard. When they are returned they are not empty.
